We wish you a memorable festive season and a very Happy New Year.

Your Aman-i-Khás Family

GIVING BACK

Aman properties around the world are an integral part of the communities in which they are set, providing unique insight into the lives and needs of each community. At this time of year, when reflection and counting our blessings go hand in hand with reaching out to those less fortunate, we are pleased to be able to share our local initiatives.

Black Clay Potters

Black clay pottery is famous in the region. To promote this craft, we have been using tiles made by local artisans as turndown gifts for our guests. Our kitchen team also dedicated themselves to training the artisans to make various crockery items – much loved by guests –, giving them a new arm to their business.

Local Farmers

Aman-i-Khás works in close coordination with farmers in the local community to ensure that vegetable and herb supplies are sourced locally, encouraging them to use organic methods of farming.

Government Schools

Aman-i-Khás is proud to announce its partnership with local government schools and NGOs to support the education and wellbeing of students. Through our efforts, we have provided groceries, uniforms, school bags, stationary supplies, books and a water cooler to ensure access to drinking water.
